In preparation for the hearing on September 25, we are reaching out to request a committee staff briefing from GSA on the Old Post Office Building lease and issues that may arise at the hearing the week of September 9. Our preference would be to meet Monday, September 9 in the morning or Tuesday, September 10. This briefing will be bipartisan. Please let me know times that work for you.

We would also like to request a list of cases pending or past related to 18 U.S.C. 431, which prohibits Members of Congress from entering into or holding contracts with the federal government.

I'm happy to answer any questions.

Hi Sam -

We recently moved to a new system for password protecting files, so this may be what is causing the issue. Is there an option to unzip the files and extract them? Try doing that and then putting in the password. If that does not work, please let me know.

Good afternoon -

Please find attached two letters from GSA Associate Administrator Post in response to the June 7, 2019 email from senior EPW Majority staff, requesting GSA's productions to the House Oversight and Reform Committee and the House Transportation and Infrastructure Committee regarding issues within EPW's jurisdiction. This request was made on behalf of Committee Chairman John Barrasso.

GSA will deliver two sets of password protected flash drives today containing responsive documents on the Federal Bureau of Investigation's headquarters project and the Old Post Office lease. The password for both sets of flash drives is: [REDACTED]

As GSA makes additional productions to the identified House committees on these issues, we will make those available to EPW as well.

Hi Peter and Alex -

Do you have time for a quick call today at 3:30 or 3:45pm to discuss GSA's search terms? Alternatively, Monday would work. We'd also like to discuss next steps on the Old Post Office letter.

Apologies for the short notice. Our schedules have been full today but we wanted to make sure to get you a production.

[REDACTED]

Best,

Kevin

Subject: T&I DeFazio/Titus Old Post Office Follow-Up
Date: Thu, 20 Jun 2019 20:47:55 +0000
Message-ID: <f00e2b04aba3436a9d9b9bf73a297c28@HRM201.US.House.gov >

Jeffrey and Kevin,

This is a follow-up to Chair DeFazio and Chair Titus's January 22, 2019 letter requesting records related to the Old Post Office (OPO) Building lease and subsequent communications with you. First, we would like to thank GSA for the documents you have already produced to the Transportation & Infrastructure (T&I) Committee on February 12th and May 10th responsive to that request. We wanted to also take this opportunity to flag a few outstanding requests and to ask some clarifying questions:

- **Document attachments:** The documents included in the 2/12/19 production feature links to attachments giving us the ability to view the attachments. The same feature does not appear to be available for the documents included in the 5/10/19 production. Either GSA has not produced these attachments or they have produced them in a way we cannot access them as far as we can tell.
 - Please either produce these documents separately or let us know how to access them.
- **Request 1.c:** The request was for "All Legal Memos or opinions created pursuant to the Old Post Office lease agreement." In its 2/12/19 response, GSA wrote "GSA Response: These attorney-client, predecisional, deliberative documents raise legitimate confidentiality or other institutional interests of the executive branch and, accordingly, are not being provided." GSA has not produced any documents related to this request.
 - We ask that GSA provide the legal justification for this position in writing. We also ask that GSA provide a privilege log listing each document that would be responsive to Request 1.c and the privilege that GSA attaches to each. The log should include the title/brief description of the document, date, and privilege cited.
- **Request 1.e:** The request was for "All monthly reports submitted by the tenant describing revenues, expenses, and budgets, pursuant to the Old Post Office lease agreement." GSA's May 10 response states that responsive documents are in the production. However, a phone call and email from GSA indicated that Trump Old Post Office LLC opposes the production of the monthly reports by alleging that the request from T&I "lacks a legitimate legislative purpose." This suggests that you actually have not produced records responsive to 1.e. as stated in the May 10, 2019 letter to Chairs DeFazio and Titus.
 - If GSA believes T&I lacks a legislative purpose in requesting financial documents related to a federal government-owned building within the jurisdiction of the T&I Committee, then GSA needs to provide a formal, written request articulating why you are questioning the Committee's legitimate oversight authority to request these records and a legal explanation for such a request.
- **Additional OPO Productions:** Please provide a timetable regarding the production of any remaining records responsive to the January 22, 2019 records request from Chairs DeFazio and Titus including the requests for which GSA has produced some documents.

We have not completed our review of all of the records produced by GSA last month and may have additional follow-up questions related to the January 22 request.

In addition, we are still waiting to hear from GSA in response to the March 14, 2019 letter sent by Chair DeFazio and Chair Titus requesting certain records related to GSA General Counsel Jack St. John. Of the requests in that letter, the most urgent is the GSA's response to the GSA IG's January 16, 2019 report on the Old Post Office Building lease recommendation before

Although Jeff and the A suite have determined this hearing would not be workable at this time we did want to provide some examples to the committee showing how GSA is optimizing its footprint amidst the pandemic.

To that effect OSC indicated the last external briefing Dan provided regarding COVID, leased space and teleworking was with [America's Commercial Real Estate Exchange](#) on April 10th.

Could PBS provide either the transcript or notes from that interview as well as some highlights explaining how the TWF (Total Workplace FIT) program is helping us reach these goals by 3 PM tomorrow - it would be much appreciated.

Hi all,

The Senate EPW Committee is looking at potential hearing to discuss the concept that COVID has really brought to light, the amount of work that can be done by employees from home. We are looking at whether examples from the private sector dramatically decreasing their square footage footprint could also be applied to the federal government, while also saving tax payer money on rented space and/or built space.

I was wondering what GSA thought of this concept? Also, I was wondering if you had any statistics of the amount of square footage that GSA has decreased during this administration? Or more importantly, examples of where GSA has considered this “work from home” model to decrease their rented square footage in recent years.

Any information would be helpful. We would need to know your general feedback on the concept by tomorrow by 2:00PM. The actual research material or examples/stats can take more time if needed.

Subject: EPW Committee Hearing Concept
To: Clifford Pearson - S <clifford.pearson@gsa.gov>, Andrew Blaylock - S <andrew.blaylock@gsa.gov>

Hi all,

The Senate EPW Committee is looking at potential hearing to discuss the concept that COVID has really brought to light, the amount of work that can be done by employees from home. We are looking at whether examples from the private sector dramatically decreasing their square footage footprint could also be applied to the federal government, while also saving tax payer money on rented space and/or built space.

I was wondering what GSA thought of this concept? Also, I was wondering if you had any statistics of the amount of square footage that GSA has decreased during this administration? Or more importantly, examples of where GSA has considered this "work from home" model to decrease their rented square footage in recent years.

Any information would be helpful. We would need to know your general feedback on the concept by

tomorrow by 2:00PM. The actual research material or examples/stats can take more time if needed.

Best,

Elizabeth “Lizzy” Olsen

Hi Mark, Dan, Robert - We hope you are doing well and safe. We have been trying to get an answer to the inquiry we sent early this morning. Please see below. We need any reply from GSA by 1 p.m. EST today.

Further, can you please provide any correspondence between GSA and Trump Org related to this request? Our understanding is that GSA will need to make a decision before payment is due on the first of the month.

Thanks,

Hello,

I hope this finds you well. We are writing an article today that will report that the Trump Organization has asked GSA whether it can delay paying its monthly \$260,000 lease payment on the Old Post Office. Obviously, this presents a predicament for the GSA: if it agrees to the deferral, it will draw scrutiny from Congress and the public, but if it does not agree, it could run afoul of the president. We plan to note that the GSA administrator is appointed by President Trump.

To clarify, has GSA decided whether to grant the request? And has GSA received requests of this nature, from other tenants, in light of the pandemic?

Please advise as to those questions, and please let me know if there's any additional context you would like to relay, even on background.

Thank you,

Tyler, Andrew, and Kevin,

In preparation for the hearing on September 25, we are reaching out to request a committee staff briefing from GSA on the Old Post Office Building lease and issues that may arise at the hearing the week of September 9. Our preference would be to meet Monday, September 9 in the morning or Tuesday, September 10. This briefing will be bipartisan. Please let me know times that work for you.

We would also like to request a list of cases pending or past related to 18 U.S.C. 431, which prohibits Members of Congress from entering into or holding contracts with the federal government.

I'm happy to answer any questions.

Tyler, Andrew, and Kevin,

In preparation for the hearing on September 25, we are reaching out to request a committee staff briefing from GSA on the Old Post Office Building lease and issues that may arise at the hearing the week of September 9. Our preference would be to meet Monday, September 9 in the morning or Tuesday, September 10. This briefing will be bipartisan. Please let me know times that work for you.

We would also like to request a list of cases pending or past related to 18 U.S.C. 431, which prohibits Members of Congress from entering into or holding contracts with the federal government.

I'm happy to answer any questions.

Thanks,

Lauren

Hi Peter and Alex -

Do you have time for a quick call today at 3:30 or 3:45pm to discuss GSA's search terms? Alternatively, Monday would work. We'd also like to discuss next steps on the Old Post Office letter.

Apologies for the short notice. Our schedules have been full today but we wanted to make sure to get you a production.

Best,

Kevin

Good afternoon -

Please find attached a letter from GSA Associate Administrator Post in response to the March 6, 2019 letter from Chairmen Cummings, DeFazio, Quigley, Connolly, and Chairwoman Titus.

GSA will deliver a password protected flash drive containing the documents today. These documents are responsive to requests 3, 7, and 8 from the October 18, 2018 letter. The password for the flash drive is: |_____|

GSA will continue to provide documents on a rolling basis.

Best,

Kevin

A flash drive with the documents promised below have been delivered to each of your respective offices. It does not require a password to access. However, please be advised that the documents on the flash drive contain certain information that normally would be redacted or withheld from public disclosure pursuant to the Freedom of Information Act, the Privacy Act, or other applicable laws or regulations. As a result, you should not publicly share, distribute, or otherwise disclose this information without prior coordination with GSA.

Please let me know if you have any questions.

Hi Sam -

We recently moved to a new system for password protecting files, so this may be what is causing the issue. Is there an option to unzip the files and extract them? Try doing that and then putting in the password. If that does not work, please let me know.

Good afternoon -

Please find attached two letters from GSA Associate Administrator Post in response to the June 7, 2019 email from senior EPW Majority staff, requesting GSA's productions to the House Oversight and Reform Committee and the House Transportation and Infrastructure Committee regarding issues within EPW's jurisdiction. This request was made on behalf of Committee Chairman John Barrasso.

GSA will deliver two sets of password protected flash drives today containing responsive documents on the Federal Bureau of Investigation's headquarters project and the Old Post Office lease. The password for both sets of flash drives is: [REDACTED]

As GSA makes additional productions to the identified House committees on these issues, we will make those available to EPW as well.

Best,
